American Insurgents, American Patriots is a much-needed corrective to the notion that the Revolution was the product solely of intellectuals and pamphleteers Breen is especially good on reminding us of the passion that the mass of people -- whom he calls insurgents' -- brought to the stainlesssteelwirecable.coms: May 06, This is a very interesting, highly readable and thought-provoking look at the American Revolution. Rather than retreading familiar ground or invoking the Founding Fathers, Breen examines the vital role of ordinary people in the making of the revolution and how insurgency led to revolution and insurgents became patriots/5. In American Insurgents, American Patriots: The Revolution of the People, T.H. Breen analyzes the actions of the common man in the coming of the War for American Independence. He argues that the ordinary citizens of America "launched an insurgency that drove events toward a successful revolution" and that it was their activities that radicalized.

American Insurgents, American Patriots reminds us that revolutions are violent events. They provoke passion and rage, a willingness to use violence to achieve political ends, a deep sense of betrayal, and a strong religious conviction that God expects an oppressed people to defend their rights.5/5(2).

American Insurgents, American Patriots is a much-needed corrective to the notion that the Revolution was the product solely of intellectuals and pamphleteers Breen is especially good on reminding us of the passion that the mass of people whom he calls insurgents' brought to the cause.5/5(1).

American Insurgents, American Patriots is the stunning account of their insurgency, without which there would have been no independent republic as we know it. T. H. Breen's American Insurgents, American Patriots is a pioneering and riveting new analysis of how America was born.4/4(1).

The ebook title is American Insurgents, American Patriots: The Revolution of the People.
