Using clear illustrations, Atkinson explains how using simple language devices such as the three-point list, the use of contrast and word repetition can move an audience. It could be described as formulaic - developing motto-like simple, short phrases, all so simple, yet so stainlesssteelwirecable.coms: 2.

A disappointment. It came highly recommended, but the book is too early in the research on body language to be anything but obvious now. It's all about making eye contact, how to get applause, and a couple of rhetorical tricks the ancient Greeks knew: the rule of three and contrasts. BTW, the Greeks had about 50 more such tricks/5.
